ABOUT

I'm a **software engineer** with a background in networking and programming, passionate about open source software, command line applications, programming languages and operating systems.

My mission is to contribute to the development of future software infrastructure.

WORK EXPERIENCE

Current-2022	SOFTWARE ENGINEER at Luxoft , Bucharest Done socket programming using ZeroMQ library in C/C++. Automated environment configuration using Docker and Bash. Developed command line interface for sending/receiving serialized messages.
2021-2022	SOFTWARE ENGINEER at Continental , Sibiu Worked on code generator parsing XML and Json with Java and Python.
2019-2021	SYS ENGINEER at Ministry of Internal Affairs , Rm.Valcea Developed scripts for task automation. Deployed and configured Radius server and Squid proxy.
2018-2019	IT ENGINEER at Ministry of Internal Affairs , Bucharest Provided layer I support. Managed users for database access.

EDUCATION

2018-2020	Master's Degree in Telecommunications Engineering Military Technical Academy , Bucharest
2014-2018	Bachelor's Degree in Telecommunications Engineering Military Technical Academy , Bucharest
