About

I'm a software engineer with a background in networking and programming. Passionate about Open-source software, cli applications, programming languages and operating systems. Eager to excel in my career, I'm seeking a position as a **systems engineer**. My mission is to contribute to the development of future software infrastructure.

Work Experience

Current 2022	SOFTWARE ENGINEER at **Luxoft**, Bucharest
	Done socket programming using ZeroMQ library in C/C++.
	Automated environment configuration using Docker and Bash scripting.
	Worked on user interface for sending/receiving messages.
2021-2022	SOFTWARE ENGINEER at **Continental**, Sibiu
	Worked on XML parsing and code generator tool using Java and Python.
	Worked on Excel parsing using Python in Jupyter Notebook.
2019-2021	SYS ENGINEER at **Ministry of Internal Affairs**, Rm.Valcea
	Designed and developed scripts for task automation.
	Deployed and configured Radius server and Squid proxy.
2018-2019	IT ENGINEER at **Ministry of Internal Affairs**, Bucharest
	Provided layer I support.
	Managed users for database access.

Education

2018-2020	Master's Degree in TELECOMMUNICATIONS ENGINEERING **Military Technical Academy**, Bucharest
2014-2018	Bachelor's Degree in TELECOMMUNICATIONS ENGINEERING **Military Technical Academy**, Bucharest
